Can you help Bartimaeus find his way to Jesus?

Can you help Bartimaeus find his way to Jesus?

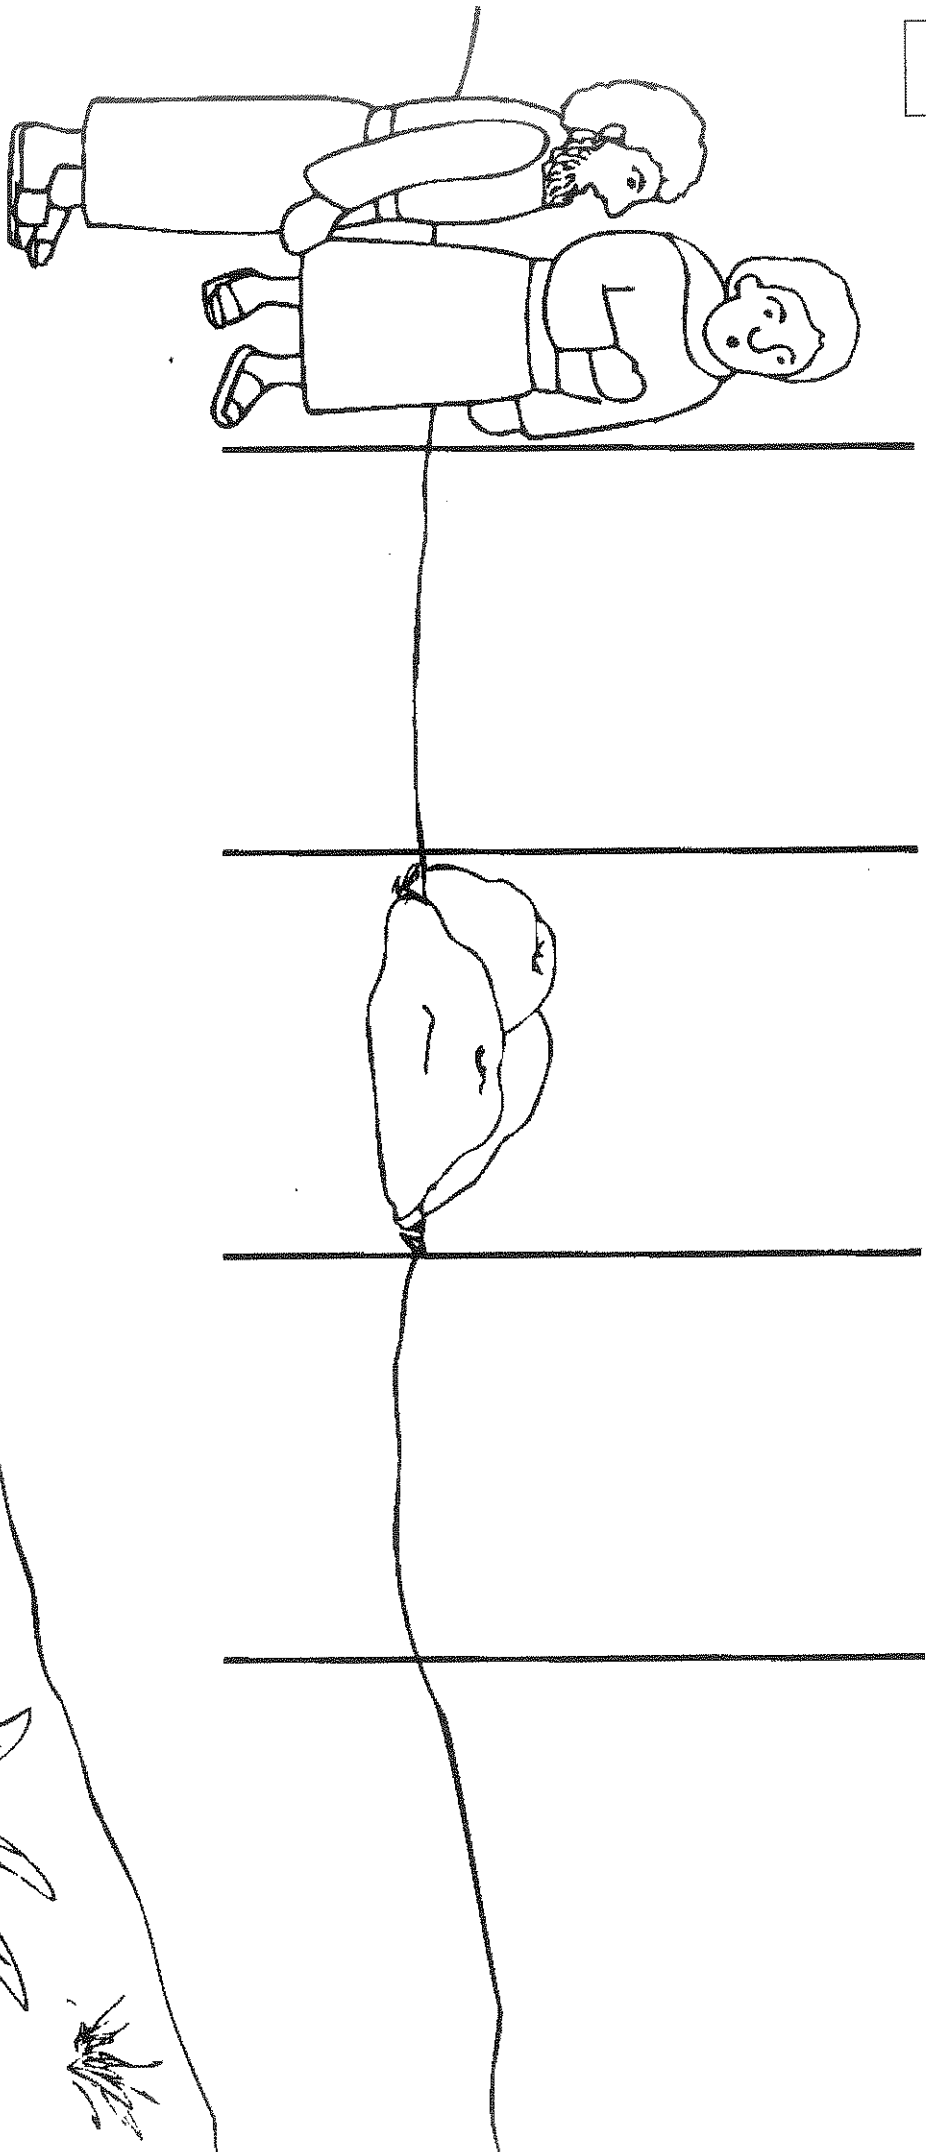

Cut out this picture strip. Cut 4 slits where the lines indicate on Resource Sheet 2Fb. The children can colour both the strip and the main picture. (make sure the children realise that both these men are Bartimaeus - blind when sitting, healed when standing.)

Insert the picture strip through the slits on the picture, starting at the back.

Start with the man sitting down, then pull the strip to the right to see what happened when he met Jesus.

"Son of David, please help me!" Mark 10:48

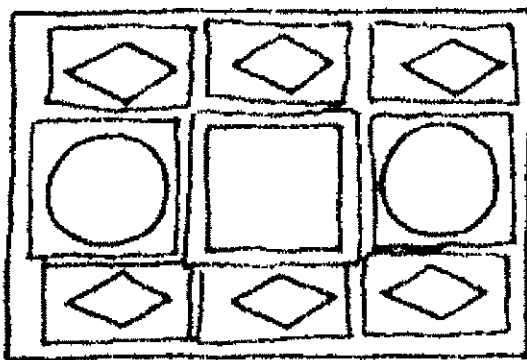

Stained Glass Effects

Make 'stained-glass' windows or 'see-through' pictures as shown. Younger children will find the pleat and notch approach easier.

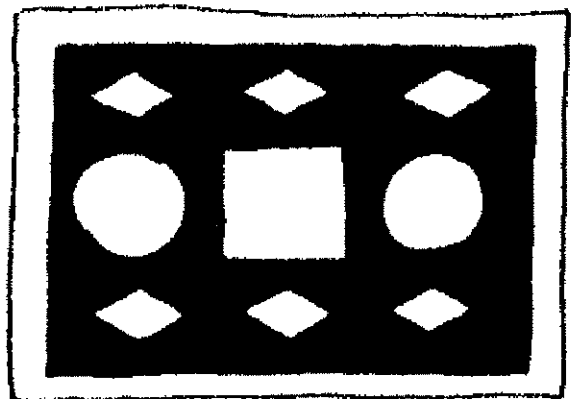

1. Pleat a piece of black paper and cut out notches and other small shapes.

2. Unfold it and let children glue sweet wrappers, foil, cellophane, etc on the 'wrong' side to cover the holes.

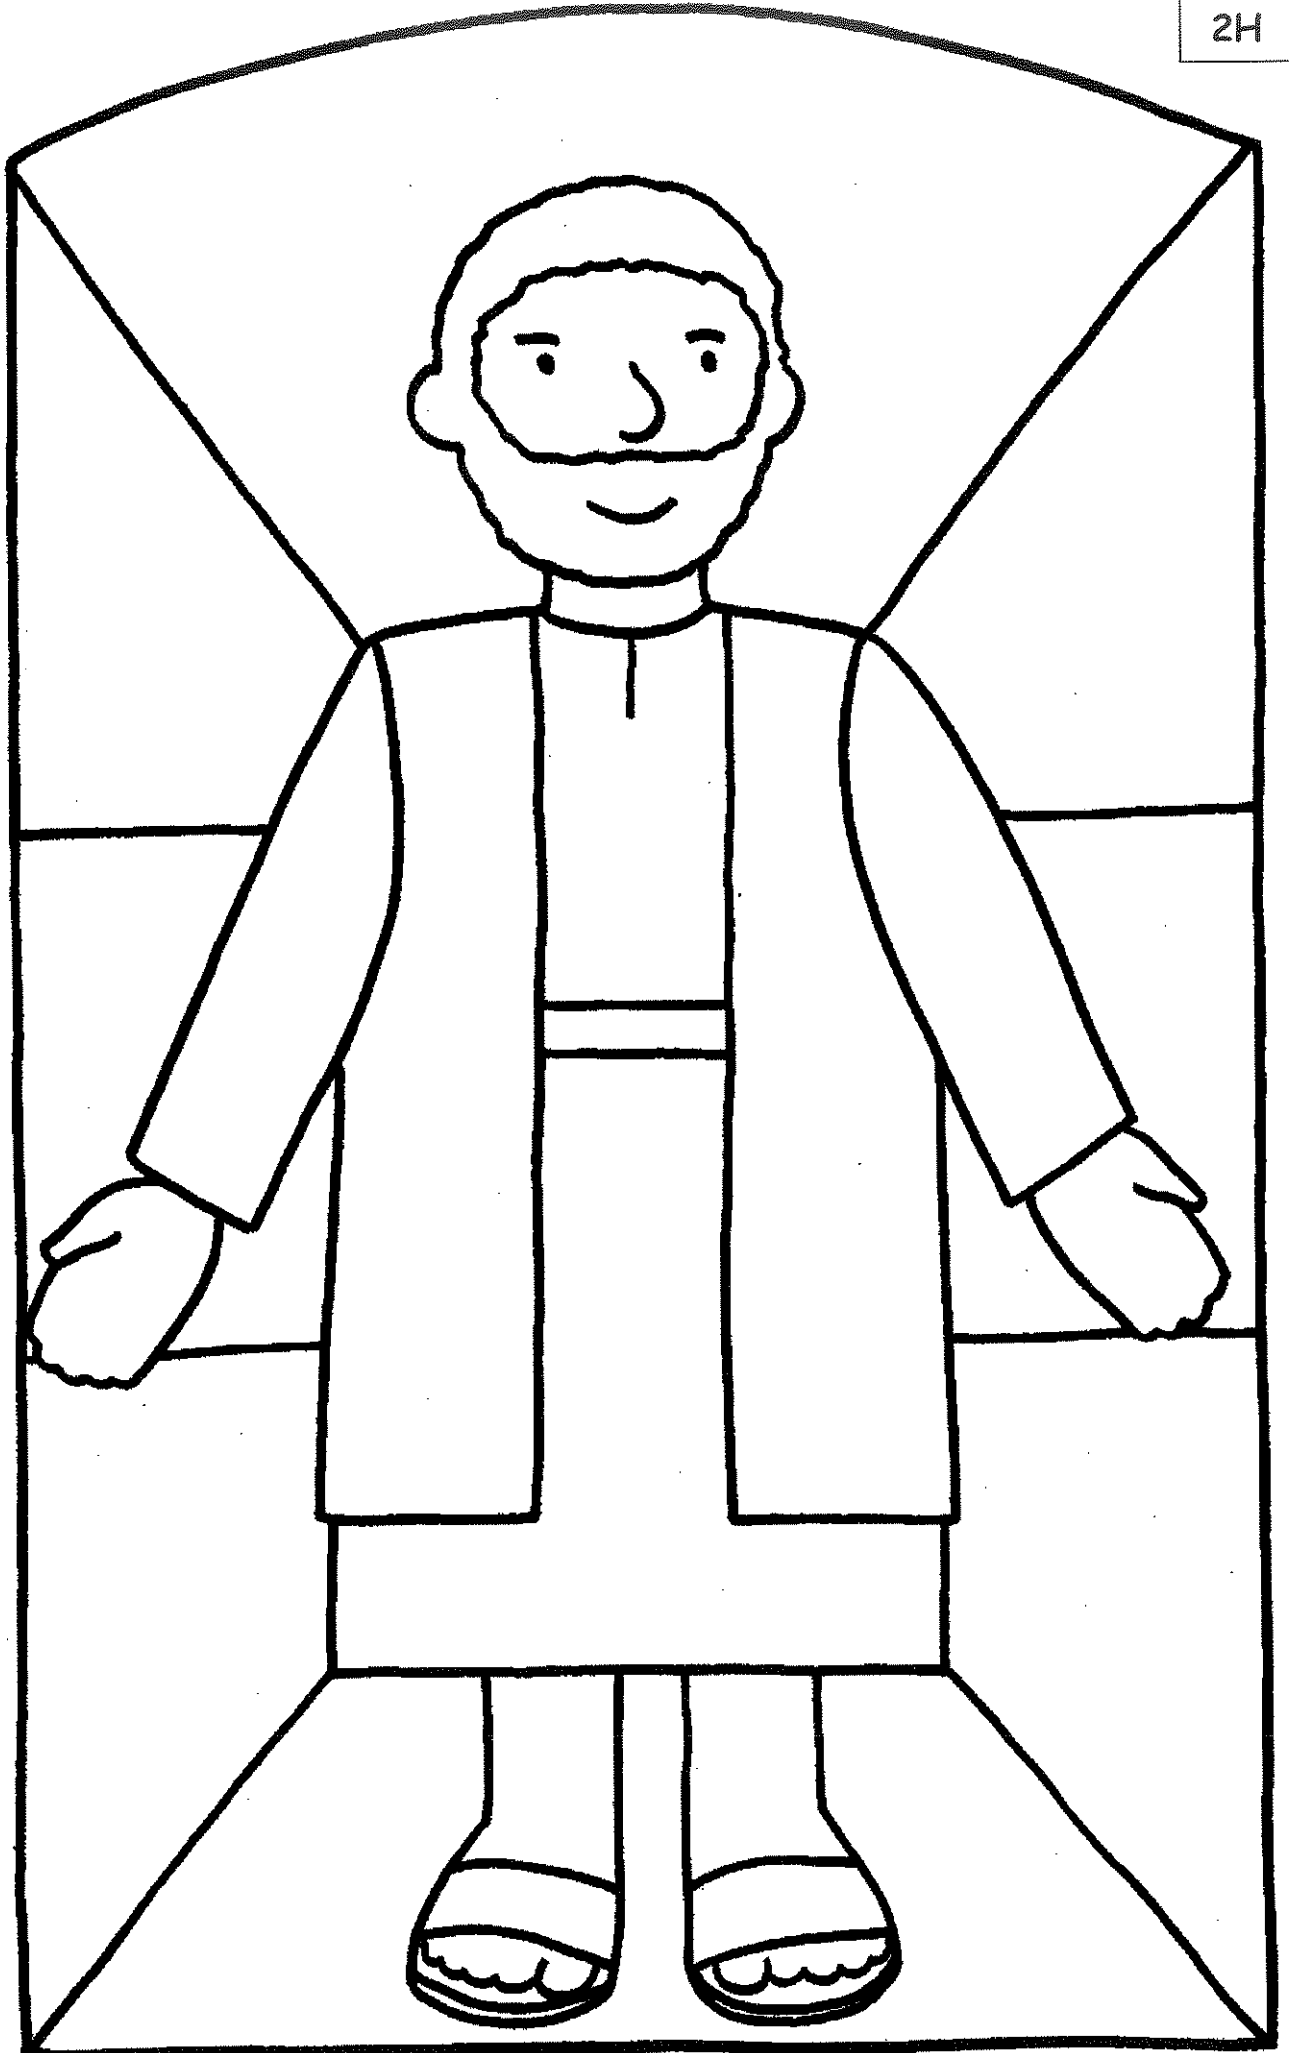

3. Mount the finished picture on a piece of thin card.

See-through pictures

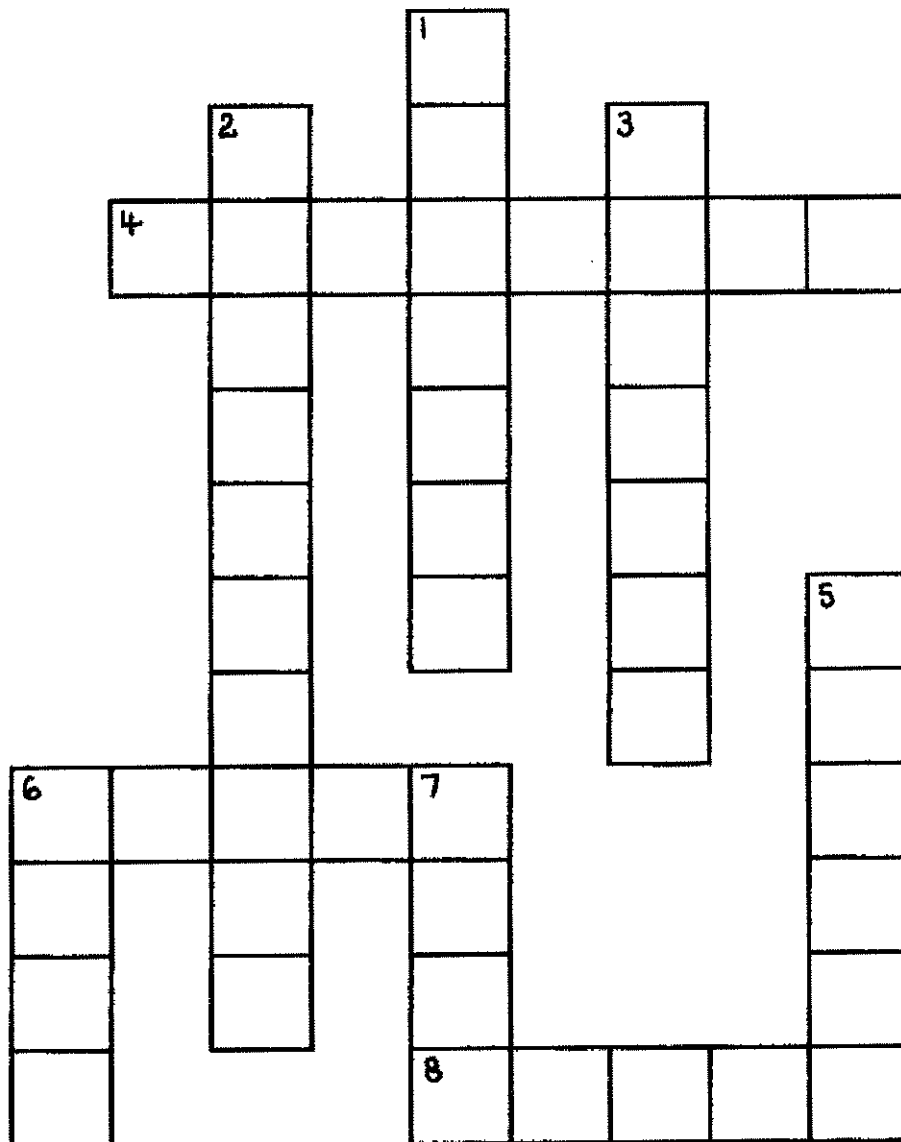

1. As 1. above.
2. Let the children glue coloured tissue paper and cellophane pieces at random onto grease-proof paper.
3. Cut to size of the pleated black paper and glue these two together.
