News Report Script

Reporter: Welcome to Capernaum News. It seems that Jesus of Nazareth has been doing some amazing things. I'm here with Levi, the tax collector. Levi, please tell us about your meeting with Jesus.

Levi: Sure. Well, there I was collecting in everyone's money to pass on to the Romans, when up walks Jesus. Now, I don't mind telling you - I was a little bit surprised. No one likes hanging round with guys like me. We're the lowest of the low, you know, cheats'n'all.

But anyway, he comes up to me and tells me to follow him. Spoke with such authority, I had to. And then, I invited him back to my place to have a meal with some of my friends. Well, that didn't sit right with the religious leaders. They were really cross that Jesus was hanging out with us.

Reporter: I'm sure they weren't impressed. So, what did Jesus say?

Levi: Well, to sum it up, he basically said that he'd come to save sinners. That's it in a nutshell. Amazing!

Reporter: So we see that the forgiveness of sin really matters to Jesus. Jesus has come to make our forgiveness possible. That's all from us here in Capernaum on this historic day. Good night!

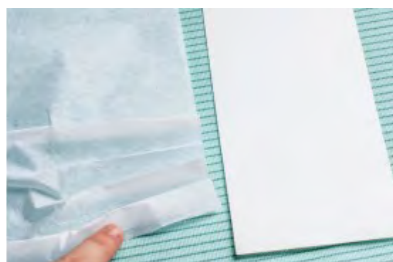

Chef Hat Instructions

SUPPLIES NEEDED:

- White tissue paper
- White card
- Tape
- Scissors/Ruler

DIRECTIONS:

1. First measure your hat band width/length and cut the card to size.
2. Once band is cut, unfold tissue paper.

3. Begin at top edge of tissue paper, and make 1/4" size pleats (about 5 at a time).

4. As you create about 5 pleats, tape the pleats in place along the edge length of the band. Continue to do this until the tissue has been pleated and ends to the halfway point of the band length.

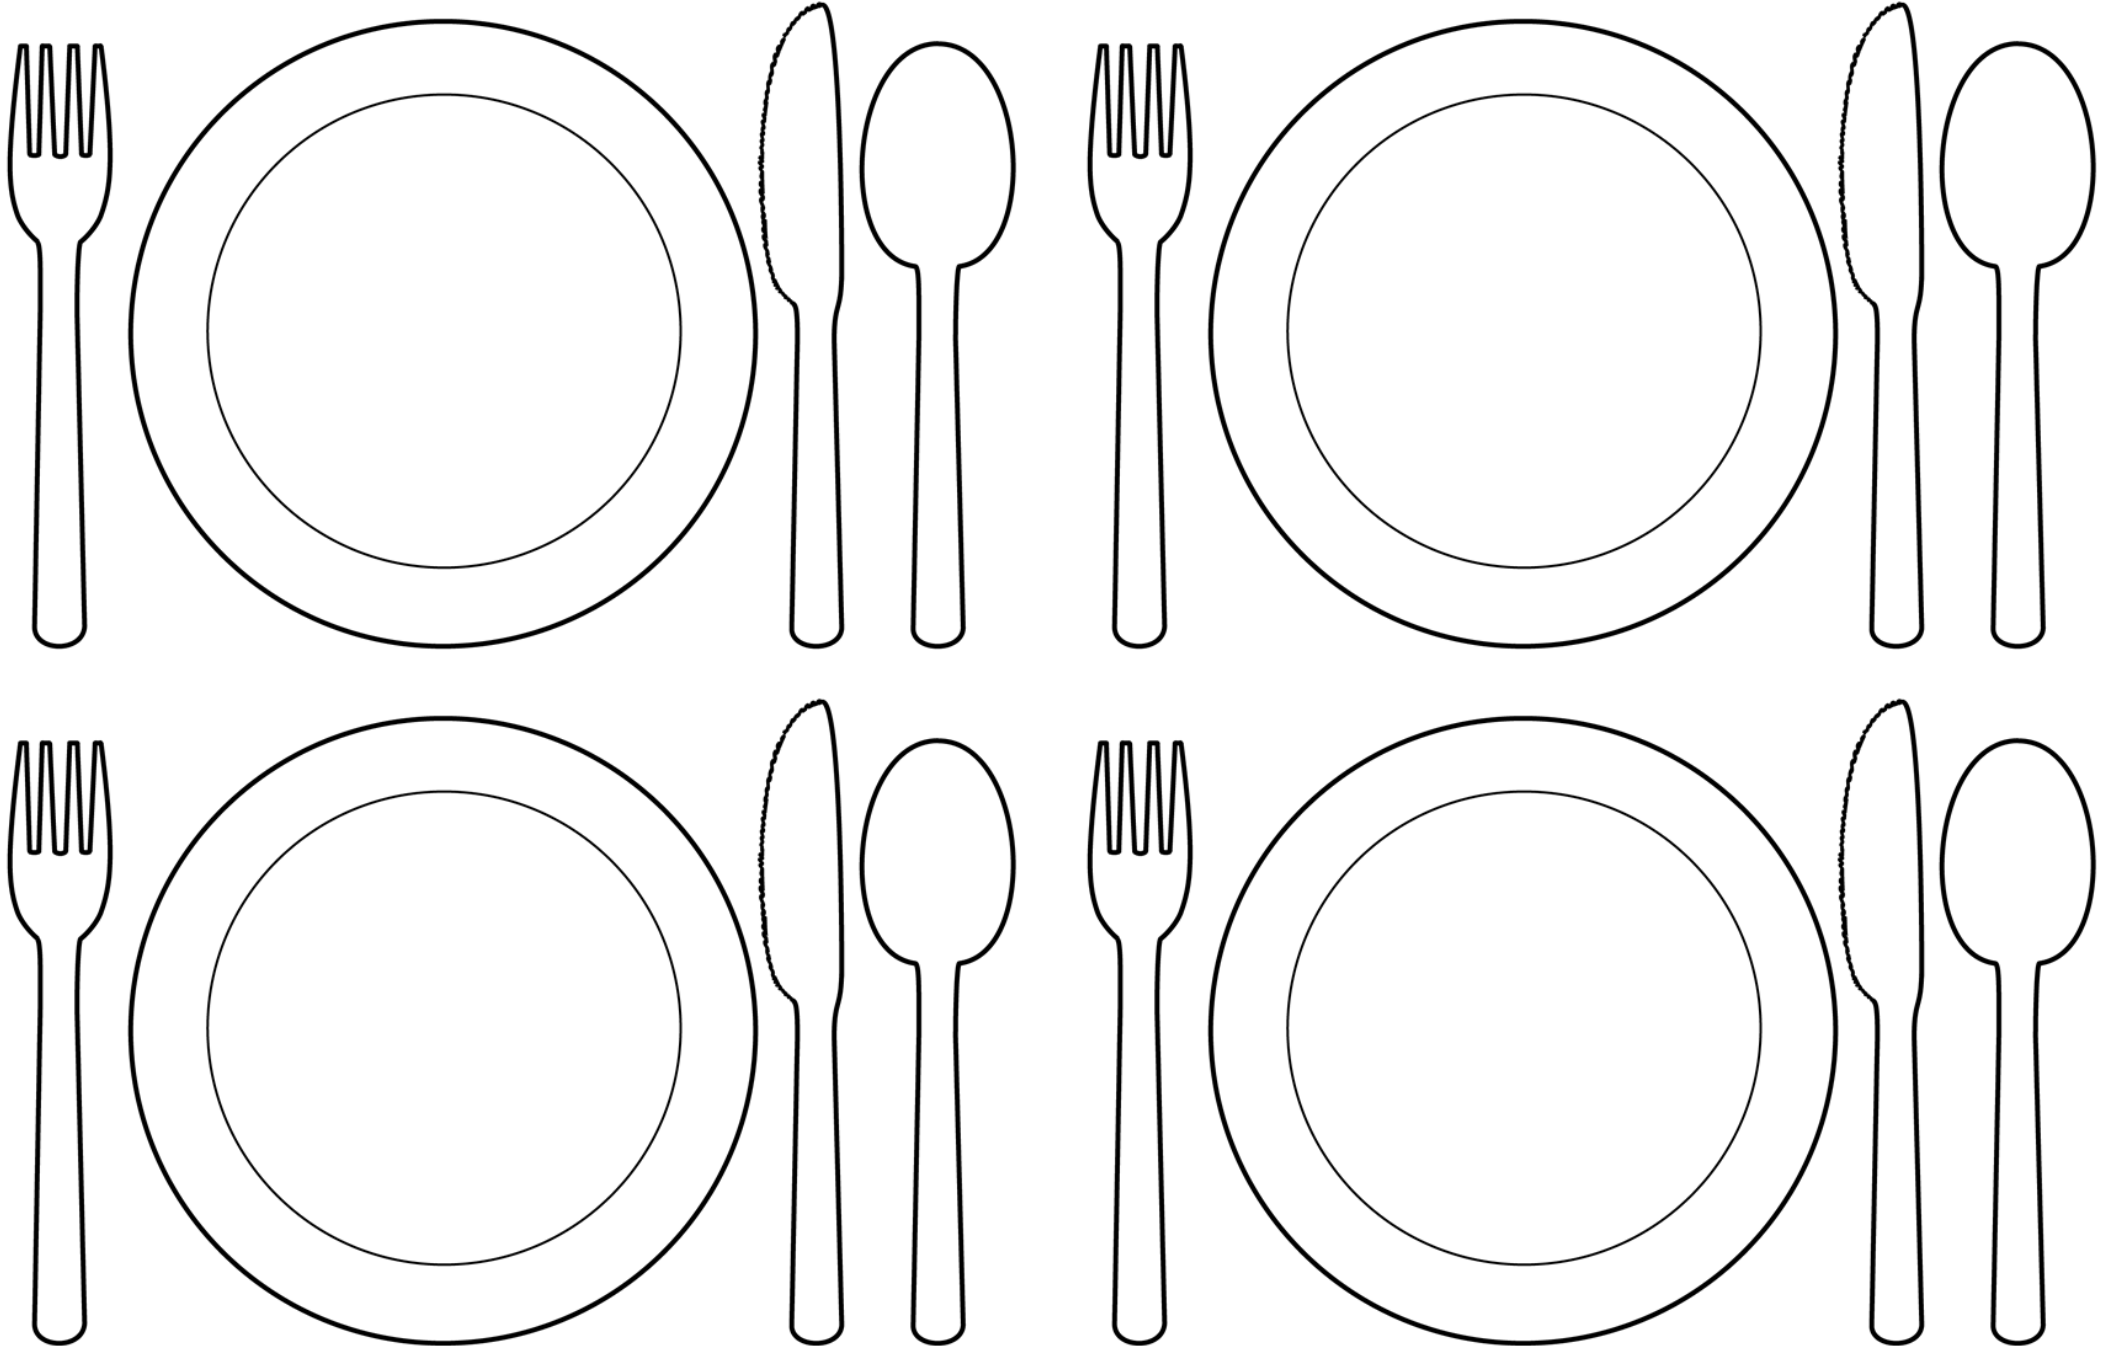

5. Next you need to pleat the opposite end of the tissue paper (taping the pleats together by themselves, not to band).

6. After the pleats are finished, overlap band and tape closed.
7. Fold tissue paper in half, so the unattached edge can be taped to inside of band.
8. You will need to pull the unattached edge inside the band and tape it along the band... it is ok if there are gaps open on each end – just do not overlap the pleats at the sides.
9. At each side, pleat and gather tissue from bottom of open end to the other bottom open end. Pinch the pleats together to create a little pleated tuck and pull inside the hat band.
10. Once the pleated tuck is pulled inside, tape it to the hat band so it closes the hat side. Repeat on opposite side. *Note, it helps to insert your hand underneath/inside the hat to gently fluff the tissue so it rounds out, while doing this step. You kind of need to fluff it into place.

What's the surprising ingredient?
